

Lattice Semiconductor to Showcase Latest Innovations in Edge Connectivity and Computing Solutions at CES 2018

December 18, 2017

[Lattice Semiconductor Corporation](#) (NASDAQ: LSCC):

Who: [Lattice Semiconductor Corporation](#) (NASDAQ: LSCC), the leading provider of customizable smart connectivity solutions.

What: Meet with Lattice Semiconductor to experience its latest small form factor, low-power FPGAs, Wireless and HDMI technologies that are enabling Intelligence at the Edge, addressing the needs of consumer, industrial and automotive and communications markets.

When: Tuesday, Jan. 9, 2018 (10 a.m. – 6 p.m. PST)

Wednesday, Jan. 10, 2018 (9 a.m. – 6 p.m. PST)

Thursday, Jan. 11, 2018 (9 a.m. – 6 p.m. PST)

Friday, Jan. 12, 2018 (9 a.m. – 4 p.m. PST)

Where: Las Vegas Convention Center
South Hall 2 – Booth No. MP26077
3150 Paradise Rd
Las Vegas, NV 89109

Product demonstrations include:

- [Consumer](#) – See the latest advancements in smartphones, smart homes, AR/VR and other products and how they are driving demand for Lattice solutions. Experience live demos of our machine learning, video bridging and signal aggregation solutions that are enabling the latest Edge devices. In addition, don't miss our SiBEAM Snap™ wireless connector technology and the chance to interact with the latest AR/VR products, smart speakers and the industry's most popular products featuring our latest technologies.
- [Industrial & Automotive](#) – Learn firsthand Lattice's role in developing innovative solutions for smart cities, smart cars and smart factories with our low-cost, low-power mobile influenced technologies optimized for applications such as ADAS, infotainment, industrial IoT, machine vision, video surveillance, robotics, motor control and more. We'll have on display our latest demos on sensor connectivity, embedded vision and machine learning, based on our ECP5™, CrossLink™ MachXO3™, HDMI® ASSPs and WirelessHD® solutions.
- [Communications](#) – Examine our 60 GHz wireless infrastructure solutions based on our SiBEAM® technology and learn how these solutions are addressing the industry's demand for high capacity wireless links in urban Wi-Fi, LTE and fixed wireless broadband networks for smart cities.

Meetings are by invitation only. To schedule a press meeting, please contact your Lattice representative or email: Lattice@racepointglobal.com. To schedule a customer meeting, please visit: <http://www.latticesemi.com/en/About/ContactUs.aspx>.

About Lattice Semiconductor

Lattice Semiconductor (NASDAQ: LSCC) is a leader in smart connectivity solutions at the network edge, where the “things” of IoT live. Our low power FPGA, 60 GHz millimeter wave, video ASSP and IP products deliver edge intelligence, edge connectivity, and control solutions to the consumer, communications, industrial, compute, and automotive markets. Our unwavering commitment to our global customers enables them to accelerate their

innovation, creating an ever better and more connected world.
