- Lattice honored as Core Partner for its quality, delivery, technology cooperation and service to Huawei
- Recognized four times as a Core Partner, this award underscores Lattice's ongoing commitment to excellence

PORTLAND, Ore.--(BUSINESS WIRE)--Dec. 16, 2015-- Lattice Semiconductor Corporation (NASDAQ: LSCC), the leading provider of customizable smart connectivity solutions, today announced that Huawei Technology Co., Ltd., a global leader in telecommunications network solutions, has recognized Lattice with a "2015 Core Partner" award.

Honored by Huawei for its quality, delivery, technology cooperation and service, Lattice received the award for its excellence as a vendor and core partner at Huawei's annual Core Partner Convention in Shenzhen, China. Presented to a select group of companies, chosen from a body of more than one thousand of its suppliers, this recognition confirms the remarkable work Lattice is undertaking with Huawei to deliver connectivity solutions as part of an expanded product portfolio.

"Being presented with this award from Huawei for the fourth time highlights the continued high level of commitment that we strive to provide to our customers and partners," said Mark Wadlington, corporate vice president, worldwide sales at Lattice Semiconductor. "Helping our customers like Huawei produce innovative products while staying within cost, power, size and schedule targets is always top of mind, and a strategy that has served us well, most recently seen in [Huawei's selection of our iCE40™ LM FPGA for their P8 flagship smartphone](#) to enable optimal 4G reception. With our expanded product portfolio of FPGA and ASSP solutions, we look forward to partnering with Huawei to support their next-generation products."

About Lattice Semiconductor

Lattice Semiconductor (NASDAQ: LSCC) is the global leader in smart connectivity solutions, providing market leading intellectual property and low-power, small form-factor devices that enable more than 8,000 global customers to quickly deliver innovative and differentiated cost and power efficient products. The Company's broad end-market exposure extends from consumer electronics to industrial equipment, communications infrastructure and licensing.

Lattice was founded in 1983 and is headquartered in Portland, Oregon. In March 2015, the Company acquired Silicon Image, which is a leader in setting industry standards including the highly successful HDMI®, DVI™, MHL® and WirelessHD® standards.
