

Lattice to Showcase Edge-Optimized Advanced Programmability at embedded world 2024

March 7, 2024

HILLSBORO, Ore.--(BUSINESS WIRE)--Mar. 7, 2024-- [Lattice Semiconductor](#) (NASDAQ: LSCC), the low power programmable leader, today announced its exhibition plan for [embedded world 2024](#). Lattice technology will be on full display throughout the tradeshow with conference sessions on embedded vision, AI, security and functional safety, and connectivity, in addition to a demo-filled booth display. Joined by a strong lineup of innovation partners, Lattice will showcase its latest advancements in FPGA solutions that enable engineers to future-proof their designs for Automotive, Industrial, and Security applications at the Edge.

- **Who:** Lattice Semiconductor
- **What / When:**
 - Lattice Booth and Demo Showcase: April 9 – 11, Hall 4, Booth #528
 - [Conference Sessions](#)
 - April 10 at 1:45 – 2:15 p.m. GMT+1
 - Session 1.5 (Computing): “FPGA Implementation of a 5G Industrial IoT Platform for Industry 4.0 Automation and Edge AI Application”
 - April 10 at 1:45 – 2:15 p.m. GMT+1
 - Session 5.5 (MIPI): “Challenges and Solution Supporting HiRes 13+ MP Camera Sensors within MIPI D-PHY Domain”
 - April 10 at 4:30 – 5 p.m. GMT+1
 - Session 4.6 (Verification): “Trusted Data, Emerging as Critical for Trusted AI, ML, & Digital Twins”
- **Where:**
 - embedded world 2024, Exhibition Centre Nuremberg, Nuremberg, Germany

The embedded world Exhibition and Conference in Nuremberg, Germany is the global platform of the embedded community to exchange information and discover the latest trends, products, and technologies.

About Lattice Semiconductor

Lattice Semiconductor (NASDAQ: LSCC) is the low power programmable leader. We solve customer problems across the network, from the Edge to the Cloud, in the growing Communications, Computing, Industrial, Automotive, and Consumer markets. Our technology, long-standing relationships, and commitment to world-class support let our customers quickly and easily unleash their innovation to create a smart, secure, and connected world.
