

Lattice Wins 2025 SEAL Sustainable Product Award

January 28, 2025

HILLSBORO, Ore.--(BUSINESS WIRE)--Jan. 28, 2025-- [Lattice Semiconductor](#) (NASDAQ: LSCC), the low power programmable leader, today announced that its Lattice Nexus™ 2 small FPGA platform was selected as a [2025 SEAL Award winner](#). Lattice Nexus 2 was recognized in the Sustainable Product category for its leadership power efficiency, performance, and small form factor.

"We are honored to receive the Sustainability Product Award for our new Lattice Nexus 2 FPGA platform. This recognition underscores our commitment to delivering innovative, energy-efficient solutions that drive sustainable progress," said Esam Elashmawi, Chief Strategy and Marketing Officer, Lattice. "The Lattice Nexus 2 FPGA platform provides low power, high performance technology that empowers our customers to achieve their own design and sustainability goals. We remain steadfast in our mission to create a sustainably connected future through continuous innovation."

"2025 represents our ninth (9) SEAL Business Sustainability Award event. This year's ESG award recipients follow a 9-year trendline of greater impact materiality and deeper granularity. Across all industries and geographies, companies are going deep and granular - into materials, chemistry, processes, R&D, supply chains, and more - to generate sustainability improvements," commented Matt Harney, Chairperson and Founder of SEAL Awards
