

Lattice Wins Multiple 2025 Globee® Cybersecurity Awards for Security Solutions and Cyber Resiliency Leadership

March 20, 2025

HILLSBORO, Ore.--(BUSINESS WIRE)--Mar. 20, 2025-- [Lattice Semiconductor](#) (NASDAQ: LSCC), the low power programmable leader, today announced that it has been recognized with multiple [2025 Globee Cybersecurity Awards](#). The Lattice Cyber Resiliency Program won a gold award in the 'Best Use of Thought Leadership in Strengthening Cyber Resiliency' category, the Lattice Sentry™ solution stack won a gold award in the 'Embedded Security' category, and the Lattice ORAN™ solution stack won a silver award in the 'Outstanding Network Security Solution' category.

"At Lattice, we remain steadfast in our commitment to delivering advanced security solutions and resources that help our customers enhance protection and resilience in their designs," said Eric Sivertson, VP of Security Business, Lattice Semiconductor. "Thank you to The Globee Awards for recognizing our ongoing efforts to push the boundaries of cybersecurity innovation."

"As we celebrate 10 years of recognizing excellence in cybersecurity, Lattice Semiconductor's innovation, commitment, and leadership demonstrate a powerful example for the entire industry," said Holger Schulze, founder of Cybersecurity Insiders and organizer of the Cybersecurity Excellence Awards. "Congratulations to Lattice for securing three separate 2025 Cybersecurity Excellence Awards."

The Globee Cybersecurity Awards recognize cybersecurity companies and professionals for their innovative approaches and effective solutions in ensuring security in the digital age. The awards cover various categories, and the program aims to raise awareness about cybersecurity issues and honor those who have made significant contributions in protecting organizations and individuals from cyber threats.
