

Lattice Wins BIG 2026 AI Excellence Award

April 29, 2026

HILLSBORO, Ore.--(BUSINESS WIRE)--Apr. 29, 2026-- [Lattice Semiconductor](#) (NASDAQ: LSCC), the low power programmable leader, today announced it was named a [2026 AI Excellence Award](#) winner by Business Intelligence Group. Lattice was recognized for its [Edge AI solution](#) developed in collaboration with NVIDIA, which delivers a flexible, full-stack platform for real-time data acquisition and processing. The solution combines the Lattice CertusPro™-NX Sensor to EtherneBridge Board with the [NVIDIA Holoscan](#) Sensor Bridge.

"As edge AI systems grow in complexity, developers need solutions that can reliably connect high-bandwidth sensors to accelerated compute while remaining flexible and power efficient," said Raemin Wang, Vice President, Segment Marketing, Lattice Semiconductor. "This recognition underscores how Lattice is enabling customers with a scalable sensor bridge solution that simplifies system integration, accelerates development, and helps bring real-time intelligent edge applications to market with greater confidence and speed."

"Lattice Semiconductor isn't just talking about AI, they are building with it," said Russ Fordyce, Chief Recognition Officer at the Business Intelligence Group. "The Lattice Edge AI Solution demonstrates measurable impact by enabling edge AI systems to act, adapt, and deliver at scale."

About Lattice Semiconductor

Lattice Semiconductor (NASDAQ: LSCC) is the low power programmable leader. We solve customer problems across the network, from the Edge to the Cloud, in the growing Communications, Computing, Industrial, Automotive, and Consumer markets. Our technology, long-standing relationships, and commitment to world-class support let our customers quickly and easily unleash their innovation to create a smart, secure, and connected world.
