Item 2.06. Material Impairments.

On September 19, 2016, Lattice Semiconductor Corporation (the “Company,” “we,” or “our”) agreed to restructure our role as agent with the members of the High-Definition Multimedia Interface (“HDMI”) consortium. As a result of this restructuring, we no longer serve as agent for the consortium and will be entitled to a reduced share of adopter fees paid by parties adopting the HDMI standard. We determined that this restructuring resulted in a non-cash impairment charge relating to intangible assets associated with future HDMI adopter fees which will be recognized in the third fiscal quarter of 2016. We currently estimate the total non-cash impairment charge to be in the range of \$7.5 million to \$8.5 million. We do not anticipate any future cash expenditures related to this impairment charge.
