**Item 8.01 Other Events.**

Lattice Semiconductor Corporation (“Lattice”) recently provided notice to certain distributors in Taiwan and China, including Promaster Technology Corporation and Promaster Technology Corporation (Shanghai) (collectively, “Promaster”), of Lattice’s intention to terminate the distribution agreements between Lattice and those distributors, effective June 6, 2009. This action was taken by Lattice in connection with the restructuring of its distribution channels in Greater China, including Taiwan and China. Promaster accounted for approximately 10% of Lattice’s revenue in each of fiscal 2008 and 2007.

In connection with the termination of the distribution agreements, Lattice intends to exercise its contractual rights to repurchase from the terminated distributors approximately \$2.8 million in inventory. Lattice anticipates that it will sell the majority of this repurchased inventory to its new distribution partners in Greater China during the second quarter of fiscal 2009. Lattice anticipates the effect of these transactions will be an aggregate increase in cost of products sold of approximately \$1.4 million during the second and third quarters of fiscal 2009 as this inventory is resold or scrapped compared to normal operations.

**Forward-Looking Statements Safe Harbor Statement**

The foregoing paragraphs contain forward-looking statements, including statements relating to Lattice’s intention to repurchase approximately \$2.8 million in inventory from terminated distributors, Lattice’s anticipated resale of a portion of this repurchased inventory to new distribution partners in the second quarter of fiscal 2009, and the anticipated impact that these transactions will have on Lattice’s cost of products sold during the second and third fiscal quarter of 2009. These statements are subject to known and unknown risks and uncertainties that could cause actual results to differ materially from those expressed or implied by such statements, including, without limitation, any changes in Lattice’s intentions regarding whether to repurchase inventory and in what amounts, Lattice’s ability to resell all or any portion of the repurchased inventory to its new distribution partners, the revenue generated from and costs associated with any such resales, the amount of such repurchased inventory that is eventually resold or scrapped, and other risks described in Lattice’s SEC filings, including its most recent Annual Report on Form 10-K. All forward-looking statements are based on management’s estimates, projections and assumptions as of the date of this report. Lattice undertakes no obligation to update or revise any forward-looking statements.
