Item 2.02. Results of Operations and Financial Condition.

On April 30, 2019, Lattice Semiconductor Corporation (the "Company") issued a press release announcing the Company's financial results for the first quarter ended March 30, 2019. A copy of the press release is furnished (not filed) as Exhibit 99.1 to this Current Report on Form 8-K. The information in Exhibit 99.1 shall not be deemed to be "filed" for the purposes of Section 18 of the Securities Exchange Act of 1934, as amended (the "Exchange Act"), or incorporated by reference in any filing under the Securities Act of 1933, as amended (the "Securities Act"), or the Exchange Act, except as shall be expressly set forth by specific reference in such a filing.

Item 9.01. Financial Statements and Exhibits.

(d) Exhibits

The following exhibits are being furnished herewith:

Exhibit No. Description

99.1 Press Release, dated April 30, 2019 (furnished herewith).

SIGNATURES

Pursuant to the requirements of the Securities Exchange Act of 1934, the registrant has duly caused this report to be signed on its behalf by the undersigned hereunto duly authorized.

LATTICE SEMICONDUCTOR REPORTS FIRST QUARTER 2019 RESULTS

- Revenue Growth of 2.2% Sequentially
- Gross Margin Expansion from Q4'18 to Q1'19 of 220 /190 Basis Points on a GAAP / Non-GAAP Basis
- Net Income Improves to $0.05 \, / \, 0.11 \, \mathrm{Per}$ Diluted Share on a GAAP / Non-GAAP Basis

HILLSBORO, OR - April 30, 2019 - Lattice Semiconductor Corporation (NASDAQ: LSCC), a leading provider of FPGAs, announced financial results today for the fiscal first quarter ended March 30, 2019.

Jim Anderson, President and Chief Executive Officer, said, "We achieved significant improvements in both gross margin and net income sequentially and year over year. Strategies we implemented to improve the Company's overall operational performance delivered initial benefits in Q1. We are still in the early stages of our planned enhancements but are encouraged by our progress and improved results. We remain focused on execution as we unlock additional value for the Company and its shareholders. We look forward to sharing more details at our Financial Analyst and Investor Day on May 20th."

Sherri Luther, Chief Financial Officer, said, "Our first quarter results demonstrated meaningful improvements in net income with \$0.05 per diluted share on a GAAP basis and \$0.11 per diluted share on a non-GAAP basis in Q1, compared to a net loss of \$0.05 per diluted share on a GAAP basis and net income of \$0.05 per diluted share on a non-GAAP basis in Q1 2018. Gross margin expanded to 58.8% on a GAAP basis and 58.6% on a non-GAAP basis in Q1 driven by the initial benefits of our operational enhancements and product mix benefit. Our continued focus on working capital generated \$21.8 million in cash from operations in Q1 2019 up from only \$2.4 million in Q1 2018. In addition, we made \$25 million in discretionary debt payments further de-levering our balance sheet. We are pleased with our progress in Q1 and remain committed to delivering improved operating leverage."

^{*} GAAP represents U.S. Generally Accepted Accounting Principles. Non-GAAP represents GAAP excluding the impact of certain activities which the Company's management excludes in analyzing the Company's operating results and in understanding trends in the Company's earnings. For a reconciliation of GAAP to non-GAAP results, see accompanying tables "Reconciliation of U.S. GAAP to Non-GAAP Financial Measures."

First Quarter 2019 Highlights

- **Improved Profitability:** Increased net income to \$0.05 per diluted share on a GAAP basis in Q1 2019 from a net loss of \$0.05 per diluted share in Q1 2018; more than doubled net income to \$0.11 per diluted share on a non-GAAP basis in Q1 2019 from \$0.05 per diluted share in Q1 2018.
- Continued Balance Sheet De-lever: Made an additional \$25 million discretionary debt payment, while continuing to reduce leverage ratio.
- **Tapeout of Next Generation FPGA Platform:** Taped out the first version of our next generation FPGA platform, which will bring customers valuable differentiation around low power.
- New Reference Design for Video Applications: Announced availability of the first in a series of new reference designs featuring the popular Lattice CrossLink™ FPGA for video bridging applications. The MIPI CSI-2 Camera Aggregator Bridge reference design provides customers with a template combining all necessary IP and software needed to easily add CrossLink-based video bridging solutions to applications using multiple image sensors.
- **2019 Financial Analyst and Investor Day:** Lattice Semiconductor will hold is 2019 Financial Analyst and Investor Day on Monday, May 20, 2019 at NASDAQ's MarketSite in Times Square, New York City. Financial analysts and institutional investors that have not already registered to attend the event can RSVP to Investor Relations (David Pasquale, dpasquale@globalirpartners.com or +1.914.337.8801). Advance registration is required to comply with NASDAQ security procedures.

Business Outlook - Second Quarter of 2019:

- Revenue for the second quarter of 2019 is expected to be between approximately \$98 million and \$102 million.
- Gross margin percentage for the second quarter of 2019 is expected to be approximately 58.5% plus or minus 1% on a non-GAAP basis.
- Total operating expenses for the second quarter of 2019 are expected to be between approximately \$37 million and \$38 million on a non-GAAP basis.

Non-GAAP Financial Measures: In addition to financial measures prepared in accordance with generally accepted accounting principles (GAAP), this earnings release makes reference to non-GAAP measures. With respect to the outlook for the second quarter of 2019, certain items that affect GAAP measurement of financial metrics are out of the Company's control and/or cannot be reasonably predicted. Consequently, the Company is unable to provide a reasonable estimate of GAAP measurement for guidance or a corresponding reconciliation to GAAP for the quarter. Additional information regarding the reasons the Company uses non-GAAP measures, a reconciliation of these measures to the most directly comparable GAAP measures, and other information relating to these measures are included below, following the GAAP financial information.

Investor Conference Call / Webcast Details:

Lattice Semiconductor will review the Company's financial results for the fiscal first quarter and business outlook on Tuesday, April 30 at 5:00 p.m. Eastern Time. The dial-in number for the live audio call is 1-888-684-5603 or 1-918-398-4852 with conference identification number 3755966. A live webcast and replay of the conference call will also be available on the investor relations section of www.latticesemi.com. The Company's financial guidance will be limited to the comments on its public quarterly earnings call and the public business outlook statements contained in this press release.

Forward-Looking Statements Notice:

The foregoing paragraphs contain forward-looking statements that involve estimates, assumptions, risks and uncertainties. Any statements about our expectations, beliefs, plans, objectives, assumptions or future events or performance are not historical facts and may be forward-looking. Such forward-looking statements include statements relating to: our belief that we are still in the early stages of our planned enhancements; that we will we unlock additional value for the Company and its shareholders; that we will deliver improved operating leverage and the statements under the heading "Business Outlook - Second Quarter of 2019." Other forward-looking statements may be indicated by words such as "will," "could," "should," "would," "may," "expect," "plan," "project," "anticipate," "intend," "forecast," "future," "believe," "estimate," "predict," "propose," "potential," "continue" or the negative of these terms or other comparable terminology. Lattice believes the factors identified below could cause actual results to differ materially from the forward-looking statements.

Estimates of future revenue are inherently uncertain due to such factors as global economic conditions, which may affect customer demand, pricing pressures, competitive actions, the demand for our Mature, Mainstream and New products, and in particular our iCE40TM and MachXO3LTM devices, international trade disputes and sanctions, the ability to supply products to customers in a timely manner, changes in our distribution relationships, or the volatility of our consumer business. Actual gross margin percentage and operating expenses could vary from the estimates on the basis of, among other things, changes in revenue levels, changes in product pricing and mix, changes in wafer, assembly, test and other costs, including commodity costs, variations in manufacturing yields, the failure to sustain operational improvements, the actual amount of compensation charges due to stock price changes. Any unanticipated declines in revenue or gross margin, any unanticipated increases in our operating expenses or unanticipated charges could adversely affect our profitability.

In addition to the foregoing, other factors that may cause actual results to differ materially from the forward-looking statements in this press release include global economic uncertainty, overall semiconductor market conditions, market acceptance and demand for our new products, the Company's dependencies on its silicon wafer suppliers, the impact of competitive products and pricing, technological and product development risks. In addition, actual results are subject to other risks and uncertainties that relate more broadly to our overall business, including those risks more fully described in Lattice's filings with the SEC including its Annual Report on Form 10-K for the fiscal year ended December 29, 2018, and Lattice's quarterly reports filed on Form 10-Q.

You should not unduly rely on forward-looking statements because actual results could differ materially from those expressed in any forward-looking statements. In addition, any forward-looking statement applies only as of the date on which it is made. The Company does not intend to update or revise any forward-looking statements, whether as a result of events or circumstances after the date hereof or to reflect the occurrence of unanticipated events.

Non-GAAP Financial Measures:

Included within this press release and the accompanying tables and notes are certain non-GAAP financial measures that supplement the Company's consolidated financial information prepared in accordance with U.S. GAAP. The non-GAAP measures presented exclude charges and adjustments primarily related to stock-based compensation, restructuring plans and related charges, acquisition-related charges, amortization and impairment of acquired intangible assets, inventory adjustments related to restructured operations, and the estimated tax effect of these items. These charges and adjustments are a result of periodic or non-core operating activities of the Company. The Company describes these non-GAAP financial measures and reconciles them to the most directly comparable GAAP measures in the tables and notes attached to this press release.

The Company's management believes that these non-GAAP financial measures provide an additional and useful way of viewing aspects of our performance that, when viewed in conjunction with our GAAP results, provide a more comprehensive understanding of the various factors and trends affecting our ongoing financial performance and operating results than GAAP measures alone. Management also uses these non-GAAP measures for strategic and business decision-making, internal budgeting, forecasting, and resource allocation processes and believes that investors should have access to similar data.

These non-GAAP measures are included solely for informational and comparative purposes and are not meant as a substitute for GAAP and should be considered together with the consolidated financial information located in the tables attached to this press release.

About Lattice Semiconductor Corporation:

Lattice Semiconductor (NASDAQ: LSCC) is a leader in low power, small form factor programmable logic devices. Our FPGAs deliver intelligence, connectivity, and control solutions to the industrial, compute, communications, consumer, and automotive markets. Our unwavering commitment to our global customers enables them to accelerate their innovation, creating an even better and more connected world.

Shares used in per share calculations:						
Basic		130,992		129,521		124,076
Diluted - GAAP (3)		134,810		129,521		124,076
Diluted - Non-GAAP (3)		134,810		132,471		125,144

⁽¹⁾ Legal fees and outside services that were related to our proposed acquisition by Canyon Bridge Acquisition Company, Inc.

⁽²⁾ We calculate non-GAAP tax expense by applying our tax provision model to year-to-date and projected income after adjusting for non-GAAP items. The difference between calculated values for GAAP and non-GAAP tax expense has been included as the "Estimated tax effect of non-GAAP adjustments."

⁽³⁾ Diluted shares are calculated using the GAAP treasury stock method. In a loss position, diluted shares equal basic shares.
